AIR I

(CA Intermediate - May 2023 Exam)

My CA intermediate days would be one of the few phases of my life which helped me realise my potential. There would be very few institutes which combine both fun and learning and I am proud to say that KS Academy is one such institute. It helped me lay down the foundation of my professional career. When I look back at my intermediate class days, there wouldn't be a single day when I felt low and this would be completely attributed to the faculties at KSA. I would also like to mention that faculties at KSA are eminent and are second to none. They place conceptual clarity above all other aspects and ensure that all the doubts are clarified on time. I should also mention about the variety of options (Like online classes, Google drive and Face to face classes) that KSA provides to its students to meet their convenience. Even though I took online live classes I did not feel any compromise when compared to Face to face classes. The coverage of the syllabus is also structured in a handcrafted manner to ensure that concepts are built in a planned manner. KS Academy SAP exams are also exquisitely planned so that one can prepare for the main exams in a systematic manner. Maybe joining KS Academy would be one of the wisest decisions I took in my learning stages.

AIR II

(CA Final - May 2021 Exam)

I am a qualified Chartered Accountant and have been a student at KS Academy for all the three levels of CA course. KS Academy provides best faculty members across all the levels and I have had best experience during the entire course. All the faculty members give utmost importance to conceptual clarity which enables the students to understand the subjects with ease. On the whole I had a great time being a part of KS Academy.

CA Ajay C

AIR 36
(CA Final - May 2022 Exam)

My journey with KS Academy as a student is and will forever be one of the most happiest days of my life. I still remember the date “05th April, 2018” when I gave all the plausible incorrect answers such as “Segment Reporting” to Saravanan Sir when he asked regarding the objectives of accounting during my first class of CA CPT. During CPT classes, I understood that learning is a process which is really enjoyable if done happily. I cleared CPT in June 2018 scoring 166/200.

CA Intermediate classes are one of the most unforgettable memories in my life. With 8 new subjects, 8 new faculty members, the experience in itself was an amazing one. The interaction and happiness with which the classes were conducted was significant in turning what must have been a tedious and a challenging journey into a joyful and memorable one. KSA SAP and Model Exams provided a direction in completion of syllabus and was of great help at that time. My CA Inter exams in May 2019 also passed by. The day I secured AIR 39 in CA Inter and shared the same with my parents and teachers will perennially remain evergreen in my memory.

I had no second thought and straightaway registered for “All Subjects Batch for CA Final May 2022”. Even though due to Covid-19 and consequent lockdowns forced the classes to be held online, the classes were still full of learnings, highly interactive and extremely interesting with a sense of happiness after each class. KSA SAP and Model exams were conducted for CA Final also and provided the right direction. It was an extremely happy moment when I got AIR 36 in CA Final May 2022 exams. Overall, my journey in KS Academy is nothing short of happiness, satisfaction, learnings (both subject knowledge and life lessons) and unforgettable memories and in hindsight, I assert that it was one of the best decisions taken in my life.

CA Anusha P

(CA Final - May 2022 Exam)

“Sab khar dhungi my” [I will do everything] was the tagline for my success. Coming from Stateboard background and clearing CA in first attempt is like a dream come true moment. CA is one of the courses which opens immense number of opportunities and sky is the only limit. This brings top notch opportunities and self-satisfaction together with financial freedom. This is really a life changing experience. The support from the faculty members, the staff, the volunteers and our classmates really made this a memorable experience. I really want to thank all of them for contributing to my success. KS Academy is the real sculptor of Chartered Accountants instilling the knowledge, attitude and skills they require.

AIR 36
(CA Intermediate - May 2022 Exam)

My journey with KS Academy started with Intermediate classes. In my experience KSA is the best place for all CA Aspirants out there. The faculty team of KSA is just incomparable and provide excellent conceptual clarity in an enjoyable manner. As Saravanan sir usually says, The complex study material does feel like ANANDA VIKATAN after the classes. I feel direction is one thing that most CA Aspirants lack but KS Academy ensures that we are in the right direction by conducting various types of test. SAP Exams conducted by KSA really helps us during our last leg of preparation by making sure that we are in touch with all the subjects. In addition to providing conceptual clarity in accounting, Sara Sir's life lessons are extremely valuable. A Big thanks to all the faculty members for making us fall in love with the subjects.

Harshini D

337/400
(CA Foundation - Nov 2022 Exam)

Stepped into KSA with lots of questions in my mind regarding the decision I have taken and my questions got cleared in the first session with Sara sir who gave us lots of clarity. I felt that I have taken the best ever decision. The journey in KSA as a student is something that I couldn't even able to forget in my life time. The faculty members there are really gem gifted to students like us. We are given conceptual clarity in each and every aspect that we wanted. I personally feel that the most important factor for a CA student is Positive attitude and I am sure every ksian would have gained it. Sir always says, "successful people didn't do different things but they do things differently" and the same is proved by him by giving knowledge in an ever different manner and growing a new culture which is being liked by all the students. I am thankful to everyone who helped us to sail through this journey of CA foundation and intermediate.

The best learning for me from KS Academy is that even a difficult job will give evergreen happy memory, if done with CONSISTENCY. With so much of efforts from all faculty members and staff members, I cleared my foundation in 1st attempt by securing 337 and without KSA surely this wouldn't have been this much beautiful.

Maalolan Murali

336/400

(CA Foundation - Nov 2022 Exam)

Firstly, KS Academy is not just an educational institution, but a paradise that imparts valuable knowledge, skills and attitude in its students that lasts with them forever in accomplishing success and victory.

The faculties here leave no stone unturned in ensuring that conceptual clarity is delivered to every student attending the class. Their friendly interactions, prompt doubt solving, live examples always make the classes interesting and memorable.

Being a student at KSA, I feel that each and every class is an opportunity whose value cannot be expressed in words. The most unique feature is that every student continues to keep up the same enthusiasm even when the classes are held from the sunrise to the sunset. KSA plays a crucial role in ensuring that the students feel happy and comfortable at each and every juncture by providing a conducive study environment that brims with positivity.

Overall, KSA is an abode for every student aspiring to become a successful Chartered Accountant.

329/400

(CA Foundation - Nov 2022 Exam)

My journey with KS academy is a life changing moment for me. It happened to be a Turning point. I remembered the day 23rd June 2022 I gave my first answer in the class and got huge applause. My talents were hugely recognised and acknowledged. It motivated me a lot. I attended all the classes without absence. It made me to work more better and I scored 329/400 marks. It made me more pleasant and I am more thankful to our academy that they honoured me and my parents with their felicitation and the remarkable part was my intermediate journey then ks academy all together become a family.. now at present very happy to be part of our happy family.

Srivarshini V

326 / 400

(CA Foundation - Nov 2022 Exam)

KS Academy was first recommended to me by a lot of my seniors and I joined before my grade 12 exams even began. I remember attending the first day of class with a whole lot of anxiety. However, all the initial doubts and uncertainties I had about joining the ca course vanished after attending the first class in KS Academy!

KS Academy's whole culture completely redefined the idea of classes and studying for me! Every single member of the faculty team is highly experienced, dedicated and inspiring. With their invaluable guidance and support I was able to score 326/400 in my foundation exams!

All in all, joining KS Academy was definitely a turning point in my life and I will forever be grateful to this wonderful institution for making the CA course accomplishable for anyone who has a dream and is willing to work towards making that a reality!

But here you can find out such a beautiful culture, you will feel burden free and stress free. My sincere thanks to Founder of KS ACADEMY our Saravanan sir, all the faculties of KSA, admin team, staffs and other employees who are the major support to this amazing kingdom. Everyone should come and experience it. I have reached the doors of this heaven through Google only and don't know anything about this place before. Everyone knows that KS Academy has given its best and had achieved far more better results, what they don't know is the relationship between the students and teachers, which is one of the notable criteria in every educational institutions. We have great reverence towards our teachers and a step more we consider them as our parents. We have great gratitude towards the academy, most of the students of KS Academy are not cream students; some of them are from towns, some from remote villages with no exposure towards outside world, some from middle class family, some from metros, some from cities... Everyone is same here, it is a great mix of students to get high exposure, we are highly attached towards our guru. The academy not only gave us knowledge but also taught us how to live. It taught us the real meaning of unadulterated love... This is the success of the academy Thank you Sara sir for giving a life to live... You are in our hearts forever...

I would say that I wld b blessed having enrolled at KS Academy. It's not just a matter of becoming a Chartered Accountant. Quality of an Individual as such will Improve here. Each & every faculty are Top Noch. and Saravanan sir - unbelievable, his concern for the results of students, not sure if anyone else would do that. Also, they are extremely supportive for students with genuine financial difficulties. And SAP exams conducted before exams is the best I would say. It helps students come out of their mental block & achieve their goals. I don't know if I any other academy can be such student friendly as KS Academy. I studied at KS Academy for all Levels of CA & I am extremely happy for the choosing KS Academy in my Career Path.
