**CA Priyanka Jain**

**AIR 4 (CA Final - Nov 2020 Exam)**

“Mata Pita Guru Deivam”, “Consistency is the hallmark of greatness”, “Having the attitude of gratitude”, “Give your best and God will take care of the rest”, “Divine’s grace” – These are the gem-like learnings which I got from the temple of KS Academy.

My CA journey started with me enrolling for CPT at KSA and that certainly was a life changing decision for me. My perception about studies, the factors of life, gratitude and success changed tremendously. I realised that you could learn even the toughest of the concepts, HAPPILY. With the support of KSA, I managed to clear my CPT with 133/200. After this, I enrolled myself at KSA for IPCC. The IPCC was a roller coaster journey wherein I learnt the concepts HAPPILY without any stress and managed to clear my IPCC as well in first attempt by securing 402/700.

After this, I had to take another big decision of joining a firm for articleship. I still remember the day, I got selected in RGN Price and Co, and could not get selected in some other firms and met Sara Sir and asked if I could join there. He told me to join the firm and that turned out to be the best decision for me. When the forces of life - Mata, Pita, Guru and Deivam guide you to do something and you follow it with the best of your heart, automatically things turn out to be the best because the entire cosmos starts working for you to make it right for you.

Now you would all be wondering “why is she telling all her scores?”. Well, I did this intentionally. When I initially started my CA journey, I had the perception that, you need to be a rank holder in your previous 2 levels to secure a rank at Final Level. But this is not so. I have been an ordinary student. But then, today when I analyse how I got a rank, I understand that it is because of the grace of - Mata, Pita, Guru and Deivam and my consistency, perseverance and implementation of learnings at KSA (gratitude was the base of my learnings at KSA).

I express my deepest gratitude to each and every faculty of KSA, each and every person who has been a part of KSA for making KSA happen. Though, the world sees me as CA Priyanka – AIR 4, I always see it as a rank belonging to Mata Pita Guru Deivam, my family, my firm and people surrounding me. Nothing of me, all of them.

AIR 12 (CA Final - Nov 2020 Exam)

KS Academy is one of the best decisions I have made in my educational journey. Their dedication to individual success and growth is amazing. KSA helped me maintain a healthy and positive outlook towards chartered accountancy and life in general while helping me prepare for all three levels of the CA course - CPT, IPCC and Final. The knowledge I gained during my coaching helped me immensely in my articleship as well as currently in my professional career. The faculty at KSA guided me in my CA journey and will continue to be a guiding light for all aspiring chartered accountants.

## CA Rishidhar

AIR 28 (CA Final - Nov 2020 Exam)

I still remember my first day at KSA on 2nd April 2016 - 2 days after my class 12 exams got over. The words "KSA stands for Knowledge, skill and attitude" were the engine to my 4.5-year CA journey. It's been a wonderful experience at KSA and probably the best decision I had taken in my life is joining KSA! The experience has given me countless moments that will stay forever in my heart, culminating with CA final results! I have immense gratitude towards all the teachers, and also the volunteers who did, do, and will do a tremendous job helping CA students ace their career!

## CA Maheshwari

AIR 47 (CA Final - Nov 2020 Exam)

I feel pretty proud of myself for earning that suffix at the age of 22. And here, let me tell you how far I've come from being a witty teenager to a Chartered Accountant in practice in a span of 4 years. Let me start with how I chose CA as a career. Honestly, I did not know anything about what Chartered accountancy course was or how difficult it was. When most of my school friends wanted to join for CPT classes, I decided to give CA a try and enrolled for the same. As the classes began, I started realizing how the concepts and the teaching were completely different from what I had experienced in school, being a student from State Board curriculum. The way we were taught to question every concept at KS Academy, the positive vibes we shared in the classroom and learning that all those tiny things that would lead me to be a better CA increased my urge to clear my exams in my very first attempt. Although the pandemic and the postponement of exams did not make the process very easy, the interest I had for the profession along with my hard work led me to secure an AIR 47 in my CA final exams. The story doesn't end after becoming a CA. It begins here. And here I am, starting my own firm at the age of 22, right after clearing my exams, with a mind full of gratitude and courage. I had my own share of dilemma regarding starting a practice but I knew I had to create a brand for myself and this was the way to do so. I'm sure this will not be an easy journey but I know that I've taken the first few steps in building my dream career on my own. To all the students pursuing CA, I wish you all the best of luck and even though you will have your own share of struggles, it will be worth it when you call yourself a Chartered Accountant beautifully put by K Saravanan sir as - "Life is not because of, life is in spite of".

## Ajith Shenoy

AIR 2 (CA Intermediate - Nov 2020 Exam)

First, I would like to thank all my IPCC teachers, Saravanan Sir, Shankararaman sir, Seshadri sir & Prasad sir. Without their blessings and support, getting All India 2nd Rank wouldn't have been possible. I passed my first stage in CA, which was CPT in my first attempt in Dec 2016 with 132 marks out of 200. I worked extremely hard and if I couldn't complete even 80% of whatever I had scheduled to complete in that day, I would be my own biggest critic. I would go look at myself in the mirror and talk to myself "appropriately". On the day of result, I saw that I had passed in both groups with 436 marks with All India 2nd Rank. The most satisfying thing to me was the jump of 108 marks from 328 to 436 between 2 attempts. On the day of success meet, I fulfilled the dream of sharing the stage with Sara sir. Confidence develops only when you work hard enough. At one point you will develop the faith and start believing that you deserve certain things that other people don't, because they didn't work as hard as you did. I applied ONLY to Deloitte for my articleship and I got selected. At no point in time, should you lose your nerve or become arrogant or egoistic. The real people in your life will only be your family and teachers. Thank you to all the teachers in KS academy to have helped me become who I am today.

## Ujwal P Vakharia

AIR 12 (CA Intermediate - Nov 2020 Exam)

My journey in KS academy has been so fantabulous that more than sight we got vision here. KS Academy is student friendly and more than a coaching institute, it's like a family. All doubts are cleared at one go and it is a one stop shop for all the CA aspirants to excel in their professional field. Enjoyed learning wholeheartedly and secured AIR-32 In CA Foundation and AIR-12 in CA Intermediate and I am now waiting for CA finals. I got enormous clarity in all subjects and loads of motivation, support and blessings from all the faculty members till the end. One thing which always matters is quality and the depth of knowledge I got from KS Academy, which is humongous and everlasting.

## Sridevi Valliammai

AIR 19 (CA Intermediate - Nov 2020 Exam)

CA became my breath after attending KS Academy's career counselling meet. I was initially intimidated as a state board student as to how I was going to prepare for one of India's most difficult course and believed being serious was the only way to get through this course. But after I joined KSA - the abode of knowledge, it became evident to me that "When learning becomes conceptual, studying becomes joyous." I strongly believe clarity is the key to succeed in this course. The amazing faculty in KSA deliver exceptional clarity in a lucid and enjoyable manner that each one of us have command over the subject. They also make sure that every student is instilled with the zeal to lead a great life, thereby ensuring holistic development. The thoughtfully curated SAP test series boosted my confidence levels and greatly helped me write the main exams with ease. There was absolutely no compromise in the quality even during the COVID times as the online classes were conducted in an efficient and seamless manner. We regularly had doubt clearing sessions that ensured that the virtual classes do not hinder the individual attention. One can clearly sense the transformation that takes place once you enter KSA. Having cleared my Intermediate examinations, I am confident about completing this course and extremely grateful to be a part of this rich legacy.

## Himavarsha

AIR 21 (CA Intermediate - Nov 2020 Exam)

KSA is one of the best institutes for CA. It has a dedicated set of faculty members. Lecturers here are extremely efficient in delivering the knowledge to the students as well as refining their doubts and uncertainties. The hostel is also very pleasant, equipped with requisite facilities to provide a suitable study environment. The faculty's proficiency in providing conceptual clarity leaves no stone unturned. A student is bound to willingly look forward to attending the classes. KSA should definitely be one of the first choices for CA aspirants.

## Kamalesh T V

338/400 (CA Foundation - Nov 2020 Exam)

KSA is not just an academy, it is a "HEAVEN ON EARTH". Here, we not only pursue CA, but we pursue our own life. 'SARA SIR', our 'GURU' not only teaches accountancy but also teaches us how to lead a respectful and successful life. KSA Marvel is the turning point in my life which motivated me to enter in to my CA career with full confidence. KSA SAP is not just a baggage of exams. It is a confidence maker. No other Academy might have conducted such revision and model exams in this pandemic period, but KSA had not failed to conduct not only subject wise exams but also model exams (SAP) which helped me to face my main exams with full confidence. Here, they not only conduct exams, but they pour us with rewards and especially confidence. Even in this pandemic period, though we were not able to attend the classes in live, the administration team and the technical team made tremendous effort to make even the online classes feel lively. Hats off to the whole team. KSA IS AN OPPORTUNITY. THERE IS NO COMPROMISE IN QUALITY.

## Sonali P

338/400 (CA Foundation - Nov 2020 Exam)

It is my immense pleasure to thank KS Academy for guiding me through the first step of CA foundation. The journey of CA foundation was interesting and smooth with all the credit accruing to the amazing faculty at KSA. They explained each and every concept in detail, making the subject so easy and understandable. All the teachers took complete responsibility to provide ample revisions and increasing our confidence. The importance of smart work alongside with the right efforts was emphasized. Despite the pandemic, I did not feel like I was missing out on anything in terms of academics because regular tests were conducted and one to one doubt clarifying opportunity was given. SAP and model exams conducted by the academy was very helpful in increasing our speed and presentations skills in the main exam. I would definitely recommend KS Academy to all those who aspire to become a CA.

## Vijay Chidambaram N

336/400 (CA Foundation - Nov 2020 Exam)

I have always had my liking for the CA profession. I attended Sara sir's career counselling meet when I was in 12th standard. That's when I decided to join KS academy. There were a lot of uncertainties at the start especially with the pandemic going on and the new mode of online classes. The faculty members of KS academy provided me with in- depth conceptual clarity which is a much-needed element of the course. The SAP and MODEL EXAMS helped me a lot in knowing the level of understanding I had on the subject and greatly helped me in my preparations for the main exam. Sara sir not only always appreciated the good performers but also motivated others to do well. Last but not the least, the service team and technical team of KSA, they always replied to all our queries and arranged meetings for clarifying the common doubts. When the results came out, it turned out to be magical and it has been a memorable journey so far.

## Sanjith Raman M

335/400 (CA Foundation - Nov 2020 Exam)

To be frank, for me there was no second choice when it came to CA coaching. Undoubtedly it was KS Academy. The faculty members of KSA are top-notch and make sure that you understand even the most difficult of concepts with ease. Sooo much of gratitude to all the faculty who risked their lives to deliver the best. All those lucid notes were a must, given the limited time to prepare. And, Saravanan sir, inspired us by leading with an example when he said, "Life is not because of, life is in spite of" and in fact made it come true. He regularly set up zoom meets and made sure that all the students prepared vigorously and proved to be the guiding force behind all of us. SAP and model exams were a game changer and provided us with a direction to study, given the limited time. Being conducted for the first time in online mode, it was so well conducted that it didn't seem like it was the first time. We had weekly tests, good night tests and so on to ensure we retained our concepts. I had an amazing time with KSA during foundation and I'm having much more fun now, during intermediate.

I'm from Chennai. I have zero knowledge about CA before listening to the speech of Sarvanan sir. After his speech, it motivates me to pursue CA which is the turning point of my life. I joined KSA for CA FOUNDATION and cleared the exam in first attempt. It is possible only because of eminent KSA faculty team without them i can't even imagine CA. The best CA faculty team all over the world.... They not only teach us the CA subjects but also teach us the important subject which is called LIFE!! I can proudly say that I'm KSIAN wherever I go....

Everyone knows that ks academy has given its best and had achieved far more better results ,what they don't know is the relationship between the students and teachers ,which is one of the notable criteria in every educational institutions.We have great reverence towards our teachers and a step more we consider them as our parents. We have great gratitude towards the academy, most of the students of ks academy are not cream students ; some of them are from towns,some from remote villages with no exposure towards outside world, some from middle class family,some from metros,some from cities... Everyone is same here,it is a great mix of students to get high exposure, we are highly attached towards our guru .The academy not only gave us knowledge but also taught us how to live.It taught us the real meaning of unadulterated love...This is the success of the academy Thank you Sara sir for giving a life to live...You are in our hearts forever...
